STUDENT TESTIMONY

I am living proof of God's incredible grace and mercy. By His strength, I have been clean for a year and a half, something I never thought would be possible on my own. I was once trapped in addiction, but God pulled me out of that darkness and gave me a new life.

Today, I have the privilege of working in addiction ministry, helping others who are where I once was. He has blessed me with the ability to buy my own car, and He is restoring my relationships with my children—something I prayed for but never imagined would happen. I have also been able to start saving money and run our new thrift store, watching God's provision unfold in ways I never expected.

God is not only restoring my life, but He is also growing me into a leader. He is teaching me how to disciple and encourage the women in our program, just as I was once was discipled and encouraged. My next step is to get my own place so that my children can come live with me, and I trust that God will make a way for that in His perfect timing.

I share this testimony not to boast in my own strength but to give all glory to God. If He can transform my life, He can do it for anyone. His grace is more than enough, and His mercy never runs out.

~Joree

A MESSAGE FROM OUR PROGRAM DIRECTOR

Spring Update ~ Celebrating Growth & Transformation

Celebrating Our Graduates: We're thrilled to share that Kelly graduated from our program in February and is now living in our transitional house while working full time as a secretary at a local forensics engineering firm. In March, our graduate Sarah took the exciting step of moving into her own place—a tremendous achievement we celebrate with her! This June, we're joyfully preparing for Stephanie to be reunited with her two teenage daughters at our transitional home.

God is truly restoring these women to meaningful and abundant lives. Currently, four women are preparing for baptism, and we're witnessing remarkable growth in all of our ladies. It's wonderful to see how Christ transforms them from the inside out.

Thrift Store Success: Our Thrift Store has now been open for three months, and what a blessing it's been! We're deeply grateful for the community's generous donations and steady business. Joree has excelled in her role as Store Manager, making us incredibly proud. If you haven't visited yet, you're missing out! Need to schedule a donation pick-up? Please contact us—we're happy to coordinate with you. Call 850-274-9783.

Vision Becoming Reality: At our December banquet, we shared our plans for this year, and through God's grace and provision, we've accomplished them:

- Opening our successful thrift store
- Hiring Kendall for administrative and fundraising support

- Preparing to bring Joree on full-time as Store Manager
- Expanding our capacity to serve more women

Looking Ahead: "Bites of Impact" Fundraising Luncheon

As our program grows, we urgently need a formal classroom space and a new van. In June, we're hosting a "Bites of Impact" Fundraising Luncheon to help renovate our garage into a dedicated classroom—creating an interruption-free learning environment and quiet space for study and prayer.

This special event also marks our 4th anniversary! Join us for inspiring testimonies, facility tours, and an inside look at our mission. Mark your calendars—you won't want to miss it!

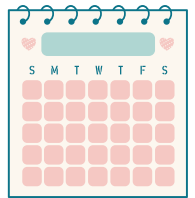

We're excited not just about our organizational growth, but about the profound transformation in our residents' lives. Our heartfelt thanks to all our donors, church partners, volunteers, and supporters who make this work possible. Your generosity changes lives!

~In Christ, Brittany
